WELCOME MESSAGES

Gain a **Global Edge at SIM GE** for the global workplace in the future economy

Welcome to SIM Global Education (SIM GE) – A global campus with over 10 top-ranking international universities from the UK, the US, Europe and Australia. As a premier institution of higher learning, we are a gateway to the world with a wide range of academic programmes to choose your ideal learning pathways from.

SIM GE is the global education arm of the Singapore Institute of Management (SIM Group) which was an initiative started in 1964 by the Economic Development Board to support Singapore's industrialisation. As one of the largest and leading private educational institutions in Singapore, we take pride in our reputation for quality academic standards and a vibrant student experience.

At SIM GE, we are committed to delivering a holistic education to empower individuals in their

respective fields and communities. We also aim to inspire passion in them to excel and to strive for bigger goals.

In today's fast-changing world, the ability to adapt and evolve will give you an edge. With our multicultural learning environment and diverse campus life, you will gain the skills, knowledge and insights you need to be career ready. These will enable you to gain a Global Edge as you make your mark in the global workplace of the future.

I invite you to come and be a member of our community, and discover how, like them, you can fulfil your aspirations by embarking on an exciting educational journey with us.

Dr Lee Kwok Cheong
Chief Executive Officer
SIM Global Education

Teaching is delivered by experts in their field

At the University of Stirling we take pride in offering you an education based on innovation and excellence – an inspiring academic experience that is second to none.

Stirling's degrees are attuned to the needs of employers and will equip you with knowledge and expertise in your chosen field. Research excellence informs our cross-disciplinary approach to teaching, which means you will benefit from being taught by world-leading academics.

We are ranked in the world's top 100 Universities under 50 years old and have a 5-star QS World University Ranking (2018). By studying with us, you will gain a qualification from a renowned institution where our teaching, employability, international activities and inclusiveness are all rated 5 star.

The University of Stirling courses are offered in collaboration with SIM Global Education, one of the leading providers of higher education in Singapore. Our two organisations have worked closely with industry partners to create a unique portfolio of courses that are specifically designed to meet the global needs of the dynamic and expanding market sectors

of Retail, Sport Management, Marketing & Events.

These courses are offered in Singapore by the University of Stirling's Management School, with teaching input from the Institute for Retail Studies (a noted Centre of Excellence for teaching and research); and the Faculty of Health Sciences and Sport. The University of Stirling is Scotland's University for Sporting Excellence producing many international athletes including a number of medal winners who competed at the Rio Olympics, 2016.

As our courses are offered in both Singapore and at our main University Campus in Stirling you have the option of spending a semester studying in Scotland. This will allow you to expand your international network of contacts and gain a valuable, rich cultural experience.

Thank you for considering studying with us. I wish you all the best with your studies and look forward to welcoming you in the future.

Professor Gerry McCormac
Principal and Vice-Chancellor
University of Stirling

UNIVERSITY OF STIRLING

Founded by Royal Charter in 1967, the University of Stirling was the first genuinely new university in Scotland for over 400 years.

The results of the University's performance in the 2014 Research Excellence Framework (REF) positioned Stirling as one of the top research-led universities in the UK with almost three quarters of research activity rated either world-leading or internationally excellent. Stirling is ranked 6th in Scotland and 45th in the UK, with our Management School ranked in the UK top 25 for Business and Management.

In learning and teaching, the University is committed to delivering high quality programmes that produce intellectually able graduates who are highly sought after by employers. We are ambitious for our students, and our flexible learning opportunities enable them to explore and discover new subjects and interests.

According to an external review, the quality of teaching and the academic standards of awards at Stirling were amongst the best in Scotland.

The University of Stirling regularly performs well in the various newspaper surveys of higher education. Here are some of the accolades:

- A 5-star ranking for teaching, employability, internationalisation, facilities and inclusiveness in the QS World University Rankings 2018
- Ranked 2nd in the UK and 47th in the world in the QS Top 50 Under 50 (2017), which ranks the world's top universities under 50 years old
- Ranked 3rd in Scotland and Top 15 in the UK for Sports Science (*Times and Sunday Times Good University Guide 2018*)
- Home to the Institute for Retail Studies, an acknowledged centre of excellence for retailing
- Stirling is Scotland's University for Sporting Excellence, and ranked top 25 in the UK for Sports Science (*The Complete University Guide 2017*)
- Top 20 in the UK for Sport (*QS World University Rankings 2017*)

HIGHLIGHTS

- ▲ With over 12,800 students, 1,500 staff and 56,000 alumni, the University gives research and teaching a global outlook.
- ▲ In teaching and learning, Stirling works with their student community to deliver high quality programmes that produce intellectually able graduates who are highly sought after by employers.
- ▲ The Institute for Retail Studies (IRS) at the University of Stirling was established in 1983 to act as a focus for the academic and applied study of the retail industry.
- ▲ Stirling Management School's exceptional performance has resulted in a coveted place among the UK's top 25 institutions for Business and Management, out of 101 Business Schools. (*REF 2014*)
- ▲ Scotland's University for Sporting Excellence, a designation by the Scottish Government in recognition of their contribution to Scottish sport.
- ▲ Home to a suite of sports facilities, across 310-acres, all open to students.

OVERVIEW

Retail Marketing

Whether we realise it or not, retail penetrates the everyday lives of consumers as an encompassing and exciting experience - from fashion and apparel, to electronics, food and beverage, and fast-moving consumer goods.

E-commerce sales in Singapore is projected to reach \$5.6 billion in 2018, rising up to \$6.7 billion by 2021.¹ Amid the wave of technology and e-commerce, we are also seeing retailers going back to 'bricks', offering innovative in-store shopping experiences and personalised services.

Despite the government's budget initiative to raise the goods and services tax to 9% between 2021 and 2025, Singapore still has relatively low taxes, driving the entry of retail and consumer companies into the country as a means to expand into Southeast Asia.

With the emerging opportunities in the retail landscape, it is vital that as an aspiring or current retail professional, your present skill

sets and knowledge must evolve to meet the changing landscape.

Specifically designed to meet the needs of a dynamic and expanding market sector, the Bachelor of Arts (Honours) Retail Marketing programme offered in Singapore at SIM GE by the University of Stirling is a result of close collaboration and consultation with retail industry partners. As an acknowledged Centre of Excellence with close links to the Singapore Retailers Association and Singapore Institute of Retail Studies, the University of Stirling's Institute for Retail Studies (IRS) is the choice institution to help you acquire the key capabilities vital to navigate the future road-map of retail.

Sport Business Management Sports Studies and Marketing

In the lead-up to the national sports strategy of Vision 2030, there is a growing attention on the sports scene in Singapore. A joint project by the Ministry of Culture, Community and Youth (MCCY) and Sport Singapore, Vision 2030²

aims to use sports for individual development, community bonding and nation building towards a healthier and better life through the impactful experience of sports.

Singapore plays host to high-profile sporting events such as the F1 Singapore Grand Prix and Standard Chartered Singapore Marathon, and is poised to become one of the premier sports hubs in Southeast Asia. Investment in sports infrastructure thus becomes a central role in the development of the wider domestic sports ecosystem, while connecting sports content and community participation. The sparkling billion dollar Singapore Sports Hub is by far the most significant large-scale development to-date, further cementing Singapore's influence in the sporting arena.

With expected growth locally to build Singapore's standing at the world levels, there is a demand for talented professionals who understand the sports sector and can use their management and marketing skills to best effect.

Sustainable Events Management

Singapore is recognised as a leading destination for events and conferences. To maintain this competitive edge, the Singapore Tourism Board and the meetings, incentives, conferences and events (MICE) industry have launched the MICE2020 roadmap to deliver enriching and personalised experiences to better connect with MICE visitors. One important aspect of the plan includes developing talent and enhancing professional standards in the sector.³

The Sustainable Events Management degree programme covers key principles of developing sustained commercial success with considerations to efficient approaches to human resources, energy use and waste management. The programme trains a successful contemporary events manager with knowledge in a wide range of subjects in marketing, human resources, finance, communications, planning and other business skills to develop multi-disciplined, creative and entrepreneurial team leader.

The programme includes a special focus on sustainability and managing the impact that large events can have on society and the environment.

The experiential focus on events as a management form represents a creative and dynamic approach relevant to organisations that strive to satisfy society's leisure needs while producing a graduate well-versed in management, with explicit skills and knowledge in business, management and marketing and the ability to apply in practice.

Private Education Act

Under the Private Education Act, legislated in December 2009, a Council for Private Education was set up to regulate the private education industry in Singapore. From 03 October 2016, the Council for Private Education became part of a new statutory board - SkillsFuture Singapore (SSG). Under the new structure, the SSG Board appointed the Committee for Private Education (CPE) to carry out its functions and powers relating to private education under the Private Education Act.

All Private Education Institutions (PEIs) are required to comply with the regulations under the Act in order to continue operations.

Following are the requirements which Singapore Institute of Management Pte Ltd (SIM PL) has put in place:

PEI-Student Contract

CPE, in aiming to enhance the confidence of students and their parents in the quality of education in Singapore, has stipulated that all PEIs must sign a PEI-Student Contract with students. The contract sets out the terms and conditions governing the relationship between the student and PEI. SIM PL will honour all terms and conditions in the contract and in all communication materials.

Students may request for a copy of the PEI-Student Contract from SIM PL or view it on the CPE website (www.cpe.gov.sg).

Cooling-Off Period

There will be a cooling-off period of 7 working days after signing the PEI-Student Contract. Students have the right to cancel the contract within the 7 working days and be refunded the highest percentage of the fees already paid if the students submit written notice of withdrawal to SIM PL within the cooling off period (refer to Clause 2.3 of PEI-Student Contract). After the cooling-off period, SIM PL's refund policy will apply.

Fee Protection Scheme

SIM PL adopts a mandatory Fee Protection Scheme (FPS) to protect the paid fees of both local and international students. The FPS serves to protect the student's fees in the event that the PEI is unable to continue operations due to insolvency, and/or regulatory closure. In addition, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgments made against it by the Singapore courts.

SIM PL has appointed Etiqa Insurance Pte. Ltd. and Lonpac Insurance Bhd as our FPS insurance providers. Under the FPS insurance scheme, students' fees will be insured by the FPS insurance provider pre-assigned by SIM PL. In case of events as stated above, students will be able to claim their paid fees from the respective FPS insurance provider.

More details of the FPS can also be found in the FPS Instruction Manual, available at www.cpe.gov.sg.

Medical Insurance

SIM PL has in place a group medical insurance scheme for all its students. This medical insurance scheme will have a minimum coverage as follows: an annual coverage limit of S\$20,000 per student, covers up to B2 ward in government and restructured hospitals and provides for 24 hours coverage in Singapore and overseas (if student is involved in SIM PL-related activities) throughout the course duration.

For more information on medical insurance, visit: www.simge.edu.sg/ge/medicalinsurance.

Refund, Course Transfer, Leave of Absence and Withdrawal Policies

For refund, course transfer, leave of absence and withdrawal policies, please refer to www.simge.edu.sg/ge/refund.

Confidentiality

SIM PL is committed to maintaining the confidentiality of the student's personal information and undertakes not to divulge any of the student's personal information to any third party without the prior written consent of the student SUBJECT TO the obligation of SIM PL to disclose to any Singapore government authority any information relating to the student in compliance with the law and/or to the organisation conferring/awarding the qualification.
