# WELCOME MESSAGES

Gain a Global  
Edge at **SIM GE**  
for the global  
workplace in the  
future economy

Welcome to SIM Global Education (SIM GE) – A global campus with over 10 top ranking international universities from the UK, the US and Australia. As a premier institution of higher learning, we are a gateway to the world with a wide range of academic programmes to choose your ideal learning pathways from.

SIM GE is a leading private educational institution in Singapore, reputed for high standards and a vibrant student experience. Founded in 1964 by the Singapore Economic Development Board as part of the SIM Group, it has over 50 years of strong track record in developing quality manpower.

At SIM GE, we are committed to delivering a holistic education to empower individuals in their respective fields and communities. We also aim to inspire passion in them to excel and to strive for bigger goals.

In today's fast-changing world, the ability to adapt and evolve will give you an edge. With our multicultural learning environment and diverse campus life, you will gain the skills, knowledge and insights you need, to be career ready. These will enable you to gain a Global Edge as you make your mark in the global workplace of the future.

I invite you to come and be a member of our fraternity of over 133,000 graduates and alumni and 20,000 students, and discover how, like them, you can fulfil your aspirations by embarking on an exciting educational journey with us.

**Dr Lee Kwok Cheong**  
*Chief Executive Officer*  
SIM Global Education

## UOW - A **top 50** modern university

Welcome to the University of Wollongong's (UOW) international programme.

At UOW, we are proud to have created a place where you can be challenged to achieve your best, to master a field and take that knowledge to the world. Ranked in the top 50 modern universities in the world, our international programmes are a long-term investment that you will benefit from for the duration of your career.

The strong partnership between SIM Global Education and UOW demonstrates a commitment to the delivery of world-class degree programmes that are highly relevant to the industry sector. Through our teaching, research and business partnerships we're connected with hundreds of universities, businesses and government organisations. These connections positively shape our courses and provide you with a global perspective on your chosen industry. They also ensure you graduate with the knowledge and skills the industry is looking for.

A UOW education is your opportunity to turn effort into results and to connect with great minds. With the support of some of the world's best academics, our students graduate and go on to successful careers in over 140 nations around the globe.

On completion of your studies you will receive a UOW degree: an internationally recognised and respected symbol of a world-class graduate. In fact, UOW is ranked in the top 200 universities in the world for graduate employability (QS Graduate Employability Rankings 2017).

I wish you every success throughout the course of your studies and beyond.

**Professor Alex Frino**  
*Deputy Vice-Chancellor  
(Global Strategy)*  
University of Wollongong

# SIM GROUP

## **SIM Global Education** **A leading private education institution**

SIM Global Education is the global education arm of the Singapore Institute of Management (SIM Group). Founded in 1964 on the initiative of the Economic Development Board to support Singapore's industrialisation, the SIM Group also offers its services through two other educational brands: SIM University (UniSIM) and SIM Professional Development (SIM PD).

SIM Global Education (SIM GE) offers quality overseas academic programmes awarded by top ranking and reputable universities from the United Kingdom, the United States and Australia. SIM GE's approach towards a holistic education is to develop students with a global edge for the global workplace with ability and adaptability for employability in the future economy. With more than 133,000 alumni and 20,000 students from over 40 countries, SIM GE is a leading private education institution in Singapore.

## Why Study at SIM GE?

### ▲ AWARD-WINNING INSTITUTION

Top 3 Best Private Institute for eight consecutive years in the annual AsiaOne People's Choice Awards.

### ▲ THROUGH-TRAIN PATHWAY

Over 80 full-time and part-time academic programmes through over 10 partner universities at diploma, undergraduate and postgraduate levels.

### ▲ GLOBAL PERSPECTIVES & INSIGHTS

Exposure to diverse cultures and a global network of faculty and peers bring broader perspectives to learning.

### ▲ STUDENT-CENTRIC CAMPUS

Wi-Fi enabled campus with comprehensive facilities for students' academic and recreation needs.

### ▲ VIBRANT STUDENT LIFE

Participate in over 70 student clubs with year-round activities in arts, culture and sports.

### ▲ DEDICATED STUDENT SUPPORT

Support services include academic support at Student Learning Centre, a dedicated Student Services Centre, Student Wellness Centre, and initiatives such as financial assistance schemes and counselling services.

### ▲ BOND-FREE SCHOLARSHIP & BURSARY

Scholarships are available to students who excel in academics, sports or arts.

### ▲ NETWORK FOR SUCCESS

A multitude of learning resources and networking events for students and graduates offered through SIM GE platforms and SIM Membership.

### ▲ ALUMNI ENGAGEMENT

Stay connected even after graduation – benefit from events organised by SIM GE Alumni Office or volunteer your time through initiatives such as Structured Alumni Mentorship.

# STUDENT LIFE

## Project 1095

Ability » Adaptability » Employability

**24**  
hours in 1 day...

**365**  
days in 1 year...

**1095**  
days in 3 years...

**Seize the now.**

Make the most of your time  
in SIM GE.

### CAREER DEVELOPMENT

Raise your employability quotient through industry internships or career-readiness initiatives like the Talent Development Programme, Career Chapters, Mentorship Programme offered by Career Connect.

### GLOBAL LEARNING

Gain international exposure through overseas academic exchange programmes, study trips, internships and workshops.

### STUDENT DEVELOPMENT

Sharpen your leadership and social skills or pursue your passion in the arts and sports with more than 70 student councils and clubs available.

### STUDENT CARE

Boost your well-being in healthy living and wellness programmes, or learn more from peer mentors at our dedicated Student Wellness Centre.

*Grooming achievers outside the classroom*

*Global exposure and learning opportunities*

*Career fair offering internships and jobs*

# STUDENT LEARNING CENTRE

**The Student Learning Centre (SLC)** is a one-stop centre for student academic support. Boost your academic performance with our SLC resources.

## **PEER-ASSISTED LEARNING (PAL)**

A student-to-student support network that provides academic assistance for selected modules.

## **WORKSHOP SERIES**

Attend complimentary workshops on academic writing, study skills and personal effectiveness to hone effective learning skills.

## **PROFESSIONAL SKILLS**

Develop professional skills that are highly valued by employers through well-structured training programmes.

## **CONSULTATION SERVICES**

Work with our advisors to improve your skills in written and oral presentation.

*Peer-Assisted Learning (PAL) in session*

*Digital Literacy Workshop*

*Student Learning Centre*

# UNIVERSITY OF WOLLONGONG

Education is one of the most powerful forces in the world. It opens minds and helps people find purpose, meaning—and solutions.

The University of Wollongong was built on this principle, and in the 40 years since its independence, UOW has become a benchmark for a new generation of universities.

We've earned a place among the top 50 modern universities in the world through world-class research and teaching, and we routinely rate among the top Australian universities in key areas including graduate satisfaction and starting salaries.

Employment outcomes that empower our graduates to make a lasting impact around the globe are the reason why the QS World University Rankings Graduate Employers survey is important to us. UOW is ranked in the top

200 universities in the world for graduate employability (QS Graduate Employability Rankings 2017).

We work with academic and industry partners to solve the world's toughest problems, from food security and economic turmoil to climate change and disease. UOW's 131,000 alumni are also making their mark on the world, as leaders in business, IT, engineering, the arts, science, medical science, law, education and more.

The University's strong international outlook is demonstrated by partnerships with our peers, industry, government, and community based organisations around the world. We work closely with our partners in Dubai, Singapore, Malaysia, China and Hong Kong to develop an international network of graduates ready to change the world.

## **OUR STRENGTH IN COMPUTER SCIENCE & IT**

We work closely with the industry to ensure that graduates are well positioned to be leaders in their respective fields. Many of our students have secured employment well before graduation. They earn high starting salaries and are in strong demand across a wide range of sectors.

## **OUR ACHIEVEMENTS Top 200 in the world for Graduate Employability**

- QS Graduate Employability Rankings 2017

## **Globally ranked as one of Australia's best modern universities**

- 12th in the world - QS Top 50 Under 50 Rankings 2016
- 37th in the world - Times Higher Education Top 150 Under 50 Rankings 2016

UOW is ranked in the **top 200 universities in the world** based on employers' opinions of our graduates.

**Globally rated a five-star university**

- 5 Star rating - QS World University Rankings 2016
- 5 Star rating in the 2017 Good Universities Guide for overall quality, student retention, learner engagement, learning resources, skill development, student support and teaching quality

**Global Ranking**

- 218th in the world - QS World University Rankings 2016/2017
- 301-400 band - Academic Ranking of World Universities (ARWU) 2016
- 251-300 band - Times Higher Education World University Rankings 2016/2017

CRICOS NUMBER: 00102E

# BACHELOR OF COMPUTER SCIENCE

## Why study for a Bachelor of Computer Science?

At UOW, you'll learn how to harness the power of technology to make a positive difference on the lives of many. Computer scientists design and write programs for computer applications. These applications can include computer systems to control machinery, applications for tablets, stock market trend analysis, games design, visualisation of chemical reactions, neural network design, and computational geometry for robot navigation, automatic teller machines and patient monitoring in hospitals and much more.

## What will you learn?

The core subjects teach you to understand the structure of data and the role it plays in delivering solutions to complex problems. These degrees include a core of programming subjects as well as electives in databases, languages, artificial intelligence, computer security, computer graphics, operating systems, real-time software and software engineering. In third year you'll develop your own application as part of a student team, developing solutions to real-world problems.

## Why Major in Digital Systems Security?

As we expand our digital lives, information is crossing borders and networks at a speed and volume that is hard to comprehend. As such, the security of our personal and financial information has become a key issue for individuals, industry and government.

This is your opportunity to develop the knowledge, research, and strategic thinking skills needed to succeed in this rapidly growing industry. Digital Systems Security ensures privacy and prevents crimes. It's there to maintain confidentiality and information integrity. The Digital Systems Security major covers advanced security programming and techniques. The subjects create an understanding of information protection and coding strategies to ensure correctness, security and authenticity of data.

The Bachelor of Computer Science (Digital Systems Security) is available on both full-time and part-time basis.

## Career Prospects

The information security field has seen immense growth during the past few years. Digital systems security engineers are in demand with career choices in software consulting companies, banks, government, IT departments, data mining, national research laboratories, system and network administration. Graduates are employed in broad range of industries including government, financial services, defence and film and television.

Potential careers include:

- Chief Security Officer
- E-Security Manager
- Cryptographer
- Database Security Manager
- Software Architect and Digital Rights Management
- IT Auditor

### **Why Major in Multimedia and Game Development?**

Are you a creative, imaginative, innovative, logical and energetic student who enjoys solving problems? Think you can design the next gaming sensation? Multimedia and Game Development provides a broad knowledge base in computer science and the practical ability required to succeed in the multimedia and game development industry.

Across multiple operating systems, you will learn about a wide range of multimedia designs, computer graphics and animation, and multimedia computing. Through your participation in a final-year team project you will be able to develop your product development skills for your future career.

The Bachelor of Computer Science (Multimedia & Game Development) is available on a full-time basis.

### **Career Prospects**

The Computer Games industry is an electrifying field, currently outselling the film industry worldwide. The good news is, once you successfully complete your Multimedia and Game Development major, a career as a game developer or educational multimedia developer awaits you. You will have the satisfaction of seeing your work being enjoyed by a global audience.

You may find a career creating interactive content, special effects for film and TV, developing multimedia websites or creating advertising content— all for a wide range of industries including communications, fitness and entertainment.

### **Accreditation and Professional Recognition**

- Australian Computer Society (ACS)

The ACS has mutual recognition of qualifications with:

- Singapore Computer Society
- International Federation of Information Processing
- South East Asia Regional Computer Confederation
- Malaysia National Computer Confederation
- Seoul Accord – mutual recognition between ABEEK (Korea), ABET (US), BCS (UK), CIPS (Canada), HKIE (HK and China), IEET (Taiwan), JABEE (Japan)

### **Scholarships & Awards**

For the last few years, our top students were recipients of:

- Centre for Strategic Infocomm Technologies (CSIT) Scholarship
- Info-communications Development Authority of Singapore (IDA) Award

# BACHELOR OF INFORMATION TECHNOLOGY (COMPUTING)

## Why study for a Bachelor of Information Technology (Computing)?

Information technology underpins almost every sector of modern business and leisure. A UOW Information Technology degree will provide you with the skills to make a company more productive and efficient through the use of IT. The degree has a solid foundation in theory, analysis, design, and implementation. These core skills are extended into a range of key areas, including network management, systems administration, security, databases, and aspects of software engineering.

This degree is available on a part-time basis.

## What will you learn?

Graduates will possess the highest technical skills and knowledge including:

- An understanding of software design, implementation and testing methodologies
- Practical experience in the design and use of UML representations for software design

- Database specific skills in design, tuning and administration
- Experience in the design of user-rich domain appropriate interfaces
- Finding solutions to the challenges faced in managing and administrating networks and systems
- Experience across a range of platforms and operating systems
- Familiarity with the critical security needs of systems

## Career Prospects

This degree will provide you with an international passport to careers around the world. Recent graduates have been employed in most parts of Asia, USA, UK and Europe in the private and government enterprises in jobs such as:

- Software Entrepreneurs
- Senior Database Administrators
- IT Designers and Developers
- Network Managers
- Technical Writers
- Systems Analysts
- Computer Programmers
- IT Applications Designers and Analysts

## Accreditation and Professional Recognition

- Australian Computer Society (ACS)

The ACS has mutual recognition of qualifications with:

- Singapore Computer Society
- International Federation of Information Processing
- South East Asia Regional Computer Confederation
- Malaysia National Computer Confederation
- Seoul Accord – mutual recognition between ABEEK (Korea), ABET (US), BCS (UK), CIPS (Canada), HKIE (HK and China), IEET (Taiwan), JABEE (Japan)

## Scholarships & Awards

For the last few years, our top students were recipients of :

- Centre for Strategic Infocomm Technologies (CSIT) Scholarship
- Info-communications Development Authority of Singapore (IDA) Award

# PROGRAMME STRUCTURE

## Duration and Intakes

Level	Duration	Intakes
Standard Entry	3 years	Jan, Apr, Jul, Oct
0.5 Year Credit Exemption	2.5 years	
1 Year Credit Exemption	2 years	
1.5 Years Credit Exemption	1.5 years	
2 Years Credit Exemption	1 Year	

## Subjects

The three programmes have a common set of subjects in the first two years.

Year 1			Year 2		
1.	CSCI102	Systems	1.	CSCI203	Algorithms and Data Structures
2.	CSCI110	Introduction to W3 Technologies	2.	IACT201	Professional Practice and Ethics
3.	ECTE182	Internet Technology	3.	CSCI205	Software Development Methods and Tools
4.	STAT131 (Core)	Understanding Variation and Uncertainty	4.	CSCI213	Java Programming and Applications
5.	MATH121 (Core)	Discrete Mathematics	5.	CSCI204 (Core)	Object and Generic Programming in C++
6.	CSCI103 (Core)	Algorithms and Problem Solving	6.	CSCI212 (Core)	Interacting Systems
7.	CSCI114 (Core)	Procedural Programming	7.	CSCI222 (Core)	Systems Development
8.	CSCI124 (Core)	Applied Programming	8.	CSCI235 (Core)	Database Systems

Bachelor of Computer Science (Digital Systems Security)			Bachelor of Computer Science (Multimedia and Game Development)			Bachelor of Information Technology (Computing)		
Year 3			Year 3			Year 3		
1.	CSCI322	Systems Administration	1.	CSCI322	Systems Administration	1.	CSCI322	Systems Administration
2.	CSCI319	Distributed Systems and Cloud Computing	2.	CSCI336	Computer Graphics	2.	ISIT302	Corporate Network Management
3.	CSCI361	Cryptography and Secure Applications	3.	CSCI236	3D Modelling and Animation	3.	CSCI311	Software Process Management
4.	CSCI368	Network Security	4.	CSCI346	Game Development	4.	CSCI224	Human Computer Interaction
5.	CSCI262	Systems Security	5.	CSCI356	Game Engine Essentials	5.	IACT301	Information and Communication Security Issues
6.	CSCI358	Security Engineering	6.	CSCI366	Multimedia Computing	6.	CSCI315	Database Design and Implementation
7.	CSCI321	Project	7.	CSCI321	Project	7.	CSCI321	Project

## Notes

- Some subjects have prerequisite requirements; students must successfully complete these requirements before being allowed to enrol in the subject. Please refer to website for prerequisite to each subject.
- Subject offerings are subject to variation.
- Subjects in Year 3 are taught by UOW academics.
- Students must have access to the Internet, an email account and personal printing facilities. Online materials will not be reproduced in hardcopy for students.

### Mode of Delivery

Classroom learning comprising:

- Activities
- Computer simulation
- Exercises
- Lab work
- Lectures
- Online learning
- Self-study
- Tutorials
- Workshops

Each lesson is typically 3 hours.

### Assessment

- Assignments/Projects
- Examinations
- Continuous assessments such as:
  - Laboratory exercises
  - Presentations
  - Tests
  - Tutorial exercises

### Candidature Period

Maximum 3 times the duration for completion under a standard full-time load, subject to meeting ongoing course progression rules.

There will not be any refund or recourse should the student fail to complete the programme within the candidature period.

### Minimum Class Size: 24

In the event that the class cannot commence due to low take-up rate, applicants will be informed within one month before programme commencement.

“This degree has made me complete as a software engineer and is very relevant to what I contribute at work daily.” (2016)

### Kong Tongyi

Graduate, Class of 2013  
Bachelor of Information Technology (Computing)

Software Engineer  
Bosch Singapore

### Further Study Opportunities (offered by UOW in Australia)

Students in the UOW programme at SIM are eligible to complete one or two sessions abroad at the Wollongong campus, subject to approval from the Academic Program Director at UOW.

Students who have graduated from the Bachelor of Computer Science (any major) or the Bachelor of Information Technology (Computing) can apply to enrol in Bachelor of Computer Science (Honours) or other postgraduate studies at the UOW Wollongong campus. UOW Graduate Excellence Scholarship is available.

Further details: [uow.edu.au/future](http://uow.edu.au/future)

### Admission Criteria

Selection is done in accordance with UOW approved merit-based criteria. Admittance into the programme is at the discretion of UOW. Applicants may be admitted to different credit exemptions based on their academic results. The admission criteria below should be used only as a general guideline.

### Standard Entry – 3 Years

- GCE A Level: 3 GCE A level / 3 H2 passes plus 1 H1 pass with a minimum aggregate of 9 points where A= 5, B=4,

C=3, D=2, E=1 (for H1 apply half the value)

- Local Diploma: A 3-year non-IT diploma from local polytechnic
- International Baccalaureate (IB) Diploma: Minimum score 28 and English A1 or A2 (at HL or SL) is a pass (minimum grade 4) meets the English language requirement.

### English Language Proficiency Requirements

International students must meet the University's English language requirements:

- IELTS score of 6.0 (no band less than 6.0); or
- TOEFL iBT 79 (with each band no less than 18)

### Programme Fees

Level	Total No. of Subjects	Total Fee
Full programme	23	S\$32,314.00
0.5 Year credit exemption	19	S\$28,301.50
1 Year credit exemption	15	S\$24,289.00
1.5 Years credit exemption	11	S\$20,276.50
2 Years credit exemption	7	S\$16,264.00

*Fees are inclusive of prevailing GST. The fees payable each semester is dependent on the number of subjects undertaken. Fees do not include textbooks. Please refer to SIM GE website for the latest fees.*

## Credit Exemption

Polytechnic	Direct Entry to Final Year (2 years credit exemption)	Entry to Year 2 (1.5 years credit exemption)	Entry to Year 2 (1 year credit exemption)
<b>Singapore Polytechnic</b>	Diploma: <ul style="list-style-type: none"> <li>Information Technology (Game Development)</li> <li>Information Technology (Software Design)</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Infocomm Security Management</li> <li>Information Technology (Information Security)</li> <li>Information Technology (Interaction Design)</li> <li>Information Technology (Business Management Solutions)</li> <li>Computer Engineering</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Business Information Technology</li> </ul>
<b>Temasek Polytechnic</b>	Diploma: <ul style="list-style-type: none"> <li>Information Technology</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Cyber &amp; Digital Security</li> <li>Digital Forensics</li> <li>Game Design &amp; Development</li> <li>Mobile &amp; Network Services</li> <li>Big Data Management &amp; Governance</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Computer Engineering</li> <li>Infocomm &amp; Network Engineering</li> </ul>
<b>Nanyang Polytechnic</b>	Diploma: <ul style="list-style-type: none"> <li>Engineering Informatics</li> <li>Information Technology Game Development &amp; Technology</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Business Enterprise IT</li> <li>Business Informatics</li> <li>Business Intelligence &amp; Analytics</li> <li>Cyber Security &amp; Forensics</li> <li>Financial Informatics</li> <li>Electronics, Computer &amp; Communications</li> <li>Multimedia &amp; Infocomm Technology</li> </ul>	
<b>Ngee Ann Polytechnic</b>	Diploma: <ul style="list-style-type: none"> <li>Information Technology (Games Programming)</li> <li>Information Technology (Solutions Architect)</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Information Security &amp; Forensics</li> <li>Information Technology (Business &amp; Data Analytics)</li> <li>Information Technology (Business Management)</li> <li>Information Technology (Infocomm Sales &amp; Marketing)</li> <li>Information Technology (Mobile Business Application)</li> <li>Information Technology (Cloud Computing)</li> </ul>	Diploma: <ul style="list-style-type: none"> <li>Financial Informatics (Banking &amp; Finance)</li> <li>Financial Informatics (Financial Analytics)</li> </ul>
<b>Republic Polytechnic</b>			Diploma: <ul style="list-style-type: none"> <li>Business Information Systems</li> <li>Business Applications</li> <li>Information Technology</li> <li>Infocomm Security Management</li> <li>IT Service Management</li> <li>Mobile Software Development</li> </ul>

**To obtain the maximum credit exemption, applicants must have a GPA score of 2.0 or more (out of 4.0). All non-IT diplomas may receive up to 24 credit points exemption on a case-by-case basis subject to UOW's approval.**

1. This list is not exhaustive and UOW reserves the right to change/amend the admission criteria.
2. Due to variations in diploma programmes within a polytechnic, the same qualifications may receive different credit exemption. Such variations include changes in the curriculum, changes in the delivery, the age of qualifications and electives taken within the programme.
3. Refer to SIM GE website for the latest list of credit exemption entry levels.

“The programme provided much-needed insights to the nuts and bolts of encryption and hashing. Being equipped with the technical knowledge also makes me more confident in communicating and assisting people in the IT industry, especially the non-security personnel, in security matters.” (2016)

**Eugene Law**

*Business Development Manager, Netrust*  
Graduate, Class of 2008  
Bachelor of Computer Science  
(Digital Systems Security)

“The course content was interesting and challenging and I was confident in my skills when entering the workforce. Lecturers are friendly and approachable, and the facilities at SIM are excellent. I really enjoyed the opportunity to be part of the UOW student council.” (2015)

**Lynn Tan**

Graduate, Class of 2013  
Bachelor of Computer Science  
(Multimedia and Game Development)

“When we teach computer science, we believe in putting theory into practice. Our real-world industry-focused subjects give our students the hands-on experience they need to get ahead of the game. Our students are ready for the global workforce.”

**Professor Willy Susilo**

*Head of School*  
Computer Security Expert and Lecturer for  
SIM-UOW

# APPLICATION AND ADMISSION

## How to Apply

Visit [www.simge.edu.sg/ge/how-to-apply](http://www.simge.edu.sg/ge/how-to-apply) for the application process, list of required supporting documents, documents verification process and more information.

For an international applicant applying to a full-time programme, you must submit an online Student's Pass (STP) application form. Your Student's Pass application is subjected to approval of the Singapore Immigration & Checkpoints Authority (ICA).

## Application Fees

An application fee is payable for each application form that is submitted. This fee (inclusive of the prevailing GST) is non-refundable and non-transferable. The fee will be fully refunded only if the intake does not commence. Unpaid applications will not be processed.

Payment Mode: MasterCard/Visa credit cards or eNETS

Application Fees	Local applicants	International applicants
	S\$96.30	S\$321.00*

*\*This does not include all fees related to Student's Pass application.*

## Private Education Act

Under the Private Education Act, legislated in December 2009, a Council for Private Education was set up to regulate the private education industry in Singapore. From 03 October 2016, the Council for Private Education became part of a new statutory board - SkillsFuture Singapore (SSG). Under the new structure, the SSG Board appointed the Committee for Private Education (CPE) to carry out its functions and powers relating to private education under the Private Education Act.

All Private Education Institutions (PEIs) are required to comply with the regulations under the Act in order to continue operations.

Following are the requirements which Singapore Institute of Management Pte Ltd (SIM PL) has put in place:

## PEI-Student Contract

CPE, in aiming to enhance the confidence of students and their parents in the quality of education in Singapore, has stipulated that all PEIs must sign a PEI-Student Contract with students. The contract sets out the terms and conditions governing the relationship between the student and PEI. SIM PL will honour all terms and conditions in the contract and in all communication materials.

Students may request for a copy of the PEI-Student Contract from SIM PL or view it on the CPE website ([www.cpe.gov.sg](http://www.cpe.gov.sg)).

## Cooling-Off Period

There will be a cooling-off period of 7 working days after signing the PEI-Student Contract. Students have the right to cancel the contract within the 7 working days and be refunded the highest percentage of the fees already paid if the students submit written notice of withdrawal to SIM PL within the cooling off period (refer to Clause 2.3 of PEI-Student Contract). After the cooling-off period, SIM PL's refund policy will apply.

## Fee Protection Scheme

SIM PL adopts a compulsory Fee Protection Scheme (FPS) to protect the paid fees of both local and international students. The FPS serves to protect the student's fees in the event that the PEI is unable to continue operations due to insolvency, and/or regulatory closure. In addition, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgments made against it by the Singapore courts.

SIM PL has appointed Etiqa Insurance Pte. Ltd and Lonpac Insurance Bhd as our FPS insurance providers. Under the FPS insurance scheme, students' fees will be insured by the insurer pre-assigned by SIM PL. In case of events as stated above, students will be able to claim their paid fees from the respective FPS insurance provider.

More details of the FPS can also be found in the FPS Instruction Manual, available at [www.cpe.gov.sg](http://www.cpe.gov.sg).

## Medical Insurance

SIM PL has in place a group medical insurance scheme for all its students. This medical insurance scheme will have a minimum coverage as follows: an annual coverage limit of S\$20,000 per student, covers up to B2 ward in government and restructured hospitals and provides for 24 hours coverage in Singapore and overseas (if student is involved in SIM PL-related activities) throughout the course duration.

For more information on medical insurance, visit: [www.simge.edu.sg/ge/medicalinsurance](http://www.simge.edu.sg/ge/medicalinsurance).

## Refund and Transfer/Withdrawal Policies

For refund and transfer/withdrawal policies, please refer to [www.simge.edu.sg/ge/refund](http://www.simge.edu.sg/ge/refund).

## Confidentiality

SIM PL is committed to maintaining the confidentiality of the student's personal information and undertakes not to divulge any of the student's personal information to any third party without the prior written consent of the student SUBJECT TO the obligation of SIM PL to disclose to any Singapore government authority any information relating to the student in compliance with the law and/or to the organisation conferring/awarding the qualification.
