UNIVERSITY OF WOLLONGONG

Education is one of the most powerful forces in the world. It opens minds and helps people find purpose, meaning—and solutions.

The University of Wollongong was built on this principle, and in the 40 years since its independence, UOW has become a benchmark for a new generation of universities.

We've earned a place among the top 50 modern universities in the world through world-class research and teaching, and we routinely rate among the top Australian universities in key areas including graduate satisfaction and starting salaries.

Employment outcomes that empower our graduates to make a lasting impact around the globe are the reason why the QS World University Rankings Graduate Employers survey is important to us. UOW is ranked in the top 200 universities in the world

for graduate employability (QS Graduate Employability Rankings 2018).

We work with academic and industry partners to solve the world's toughest problems, from food security and economic turmoil to climate change and disease. UOW's 131,000 alumni are also making their mark on the world, as leaders in business, IT, engineering, the arts, science, medical science, law, education and more.

The University's strong international outlook is demonstrated by partnerships with our peers, industry, government, and community based organisations around the world. We work closely with our partners in Dubai, Singapore, Malaysia, China and Hong Kong to develop an international network of graduates ready to change the world.

OUR STRENGTH IN PSYCHOLOGY

When you study psychology at UOW, you are learning the most current knowledge directly from the people creating it. Your lecturers are researchers who will provide you with the opportunity to explore your passion and develop an in-depth knowledge of psychology, right from day one.

BACHELOR OF PSYCHOLOGICAL SCIENCE

Psychology helps us to understand who we are and how we think, feel and act.

Professional psychologists aim to help people function better, and to prevent ill-health and other problems developing. Their clients include children, adults, couples, families and organisations in a variety of settings.

The Bachelor of Psychological Science is the scientific study of human behaviour and mental experience. It examines why we behave the way we do, why we have particular experiences, how we can engage in those behaviours, and the processes behind those experiences.

Academic staff at the University of Wollongong are actively engaged in research regularly and publish work in leading global psychology journals. They are therefore well-equipped to illustrate basic concepts with their own unique research experiences and maximise your learning experience.

Why Study Bachelor of Psychological Science?

This innovative programme enables you to explore your passion and develop an in-depth knowledge of psychology. There are opportunities to conduct first-rate research and learn from leading academics active in both research and professional practice.

Studies in Psychology can be combined with other areas in order to allow you the flexibility to explore all of your passions without compromise.

What will you learn?

The Bachelor of Psychological Science provides comprehensive training in the biological bases and social influences of behaviour, and the processes behind mental experience. You will learn how the profession applies this knowledge to practical problems.

As a Graduate you will have:

- An understanding of human behaviour and psychological processes
- Critical thinking and problem solving skills
- Research and information finding skills
- The ability to look at problems from a variety of perspectives
- Process interpersonal and environmental awareness and sound professional ethics

Career Prospects

Graduates can forge successful careers in:

- Personnel Services
- Human Resources
- Organisational Psychology
- Market Research with government agencies or private organisations

More generally, you will be well equipped for positions which require good communication, analytical and research/statistical skills.

Accreditation & Professional Recognition

The Bachelor of Psychological Science is recognised by the Australian Psychology Accreditation Council (APAC). As such, you will be eligible to apply for student membership of the Australian Psychological Society (APS). Graduates of the programme are eligible for Affiliate Membership of the APS.

Further Study Opportunities (offered by UOW in Australia)

Students who graduate with the Bachelor of Psychological Science are eligible to apply for a Bachelor of Psychological Science (Honours). This programme is an accredited 4th year which is needed to apply for PhD or Masters, and for provisional registration as a psychologist in Australia while graduates undertake supervised practice.

SIM graduates who are accepted into the honours programme in Australia will be offered approximately 30% discount on the UOW international course fees (excluding service fees and Overseas Student Health Care).

Private Education Act

Under the Private Education Act, legislated in December 2009, a Council for Private Education was set up to regulate the private education industry in Singapore. From 03 October 2016, the Council for Private Education became part of a new statutory board - SkillsFuture Singapore (SSG). Under the new structure, the SSG Board appointed the Committee for Private Education (CPE) to carry out its functions and powers relating to private education under the Private Education Act.

All Private Education Institutions (PEIs) are required to comply with the regulations under the Act in order to continue operations.

Following are the requirements which Singapore Institute of Management Pte Ltd (SIM PL) has put in place:

PEI-Student Contract

CPE, in aiming to enhance the confidence of students and their parents in the quality of education in Singapore, has stipulated that all PEIs must sign a PEI-Student Contract with students. The contract sets out the terms and conditions governing the relationship between the student and PEI. SIM PL will honour all terms and conditions in the contract and in all communication materials.

Students may request for a copy of the PEI-Student Contract from SIM PL or view it on the CPE website (www.cpe.gov.sg).

Cooling-Off Period

There will be a cooling-off period of 7 working days after signing the PEI-Student Contract. Students have the right to cancel the contract within the 7 working days and be refunded the highest percentage of the fees already paid if the students submit written notice of withdrawal to SIM PL within the cooling off period (refer to Clause 2.3 of PEI-Student Contract). After the cooling-off period, SIM PL's refund policy will apply.

Fee Protection Scheme

SIM PL adopts a compulsory Fee Protection Scheme (FPS) to protect the paid fees of both local and international students. The FPS serves to protect the student's fees in the event that the PEI is unable to continue operations due to insolvency, and/or regulatory closure. In addition, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgments made against it by the Singapore courts.

SIM PL has appointed Etiqa Insurance Pte. Ltd and Lonpac Insurance Bhd as our FPS insurance providers. Under the FPS insurance scheme, students' fees will be insured by the insurer pre-assigned by SIM PL. In case of events as stated above, students will be able to claim their paid fees from the respective FPS insurance provider.

More details of the FPS can also be found in the FPS Instruction Manual, available at www.cpe.gov.sg.

Medical Insurance

SIM PL has in place a group medical insurance scheme for all its students. This medical insurance scheme will have a minimum coverage as follows: an annual coverage limit of S\$20,000 per student, covers up to B2 ward in government and restructured hospitals and provides for 24 hours coverage in Singapore and overseas (if student is involved in SIM PL-related activities) throughout the course duration.

For more information on medical insurance, visit: www.simge.edu.sg/ge/medicalinsurance.

Refund and Transfer/Withdrawal Policies

For refund and transfer/withdrawal policies, please refer to www.simge.edu.sg/ge/refund.

Confidentiality

SIM PL is committed to maintaining the confidentiality of the student's personal information and undertakes not to divulge any of the student's personal information to any third party without the prior written consent of the student SUBJECT TO the obligation of SIM PL to disclose to any Singapore government authority any information relating to the student in compliance with the law and/or to the organisation conferring/awarding the qualification.
